4. P4 Applied Learning Programme (ALP)- Design Thinking Programme

The ALP team has organised a one-day **Design Thinking Programme for our P4 students**. It will be conducted on **26 May 2025 (Monday)** from 2.15pm to 5.15pm.

The objectives of this Design Thinking Program are to enable students to:

1. go through and understand the design thinking process;
2. craft innovative solutions by prototyping and making ideas come to life; and
3. learn to communicate the solutions with everyone.

The P4 students will be finding solutions to reduce food wastage. They will learn to build prototypes with recycled materials and tools to complete their projects and strengthen their fine motor development.

We would like our students to be responsible and resilient while working on their projects and develop good problem-solving skills. **(21st CC-Critical & Inventive thinking, Communication & Collaboration, Global Awareness)**
